Field Trip	2
Screening	3
Virtual Nat.	3
Picture Day	4
Grandparents	4
Recycling	5
Teacher Blurb	5
H.O.M.	5
Class Quiz	6
Calendar	7

Star Student!

This month, I am Star student! I got to make a poster and color it. It was an "All About Me!" poster. I also get to make lunch. It is going to be a baked potato casserole with carrot chips. We got the carrots from my family's garden! We put hash browns, sour cream, bacon bits, chicken, and ranch seasoning in our casserole. It was very tasty! For the carrots, we mix them with cinnamon, salt and cumin. They tasted good too! I liked being star student!

-Corbin Steinbeisser

Pictures Wanted!

Brorson school is looking for any class or school photos that the community has from any past years! We would like to create a wall of memories to show all the classes and people who attended school in all the years that it has been in our community!

Roosevelt Park Zoo!

On the 22nd of September our school went on a field trip. Let's start on the important stuff. It was 3 hours away (very painful). When we got to the zoo I was EXCITED! First we went and saw the leopards and tigers. I got stared down by one of the snow leopards. Probably thinking I was lunch! Then we saw some monkeys. They sounded like sirens. Then we saw the lions. The male sounded like he had a hair ball. We saw penguins. Black footed penguins. Then we saw a camel, he was big. I was able to see a bird and Prong horn antelope in his pen. Then we saw a pair of carnivore birds, one was showing us a dead chicken chick. The other was chasing it. We were going to see the giraffes but the baby was born on the 21st, the day before we came. We saw two zebras, one was scared by a squirrel. Then we went to the children's zoo over a bridge (Liam was scared). We got to feed a goat and pigmy goats. We saw what bird wing lengths and our arms were. I was a Bald Eagle. We saw Great Horned Owls' elf owls' and screech owls. The otters were not out because of the rain. I hope we can go to Minot Zoo again!

-Cayla Hanson

Vision and Hearing

This year on the 12th of September we went to the vision and hearing screening. Everyone from the students and the teachers were tested!

-Liam Steinbeisser

Virtual Naturalist

On September 14th, 2017, my school did a virtual naturalist lesson, which is a lesson that was taught by Ms. Amy on the SmartBoard. But she was on the other side of Montana, and Ms. Haggard mirrored the computer conference onto the board so that we could all see each other. She taught us that a naturalist is someone who is always outside and studying nature. A naturalist is a scientist, a writer, and an artist. She let us go outside and we all found plants and brought them inside. We then sketched, labeled, colored, asked questions, and wrote about our items in our journals. Mine was a small stem of alfalfa. After we were done, we held up our science notebooks to the computer and Ms. Amy looked at them and complimented our drawings. We looked at the plants, and put them back outside. It was a really fun lesson because we had never been taught by a person on a computer!

-Claire Steinbeisser

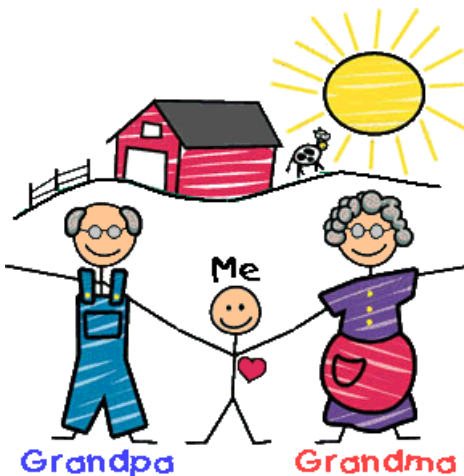

School Pictures

We went into town and got our pictures taken at Picture Perfect. We each got our picture taken by ourselves first, then we went outside to take our group picture by the trees. We stood back to back and crossed our arms. I can't wait to see how they turned out!

-Briar Hanson

Grandparents Day

Grandparents Day was on Sunday, September 10th. We made a magnet with our thumbprints made into a heart. We also made a handprint on a poem. We decorated a bag to put our gifts in. We will give them to our grandparents when we see them next.

-Chloe Nelson

Recycling

Thank you to everyone who has come and dropped off recycling so far this year! We have collected 2,496 pounds so far this year!! This puts us at 50% of our school year

goal of recycling 5,000 pounds!

Thank you for your continued support! We could not do it without our wonderful community!

Teacher Blurbs

This school year has going by so fast and has been very busy so far. This month is going to be just as busy if not even busier. We have a lot planned this month with all the activities and celebrations happening. We are receiving our greenhouse this month so we are very excited to start growing our very own plants!

Harvest of the Month

This month we are going to be trying both apples and summer squash. If anyone has either of these in their garden and would like to donate or let us buy please get in touch with us! We would really love to have locally grown produce!

Fall Favorites

Chloe= I have to say pumpkins, Halloween, and changing of the leaves.

Briar= Halloween and Pumpkins!

Claire= My favorite thing about fall is that is when my birthday is!

Liam= My favorite part about fall is that it is Football Season.

Cayla= I love soccer, Halloween, and pumpkin patches.

Corbin= I am torn between visiting pumpkin patches and Thanksgiving.

Mrs. Taylor= My favorite part is the fall colors and pumpkins. Fall is my favorite season, I just love it all!

Ms. Haggard= I love the change in the weather, breathing in crisp air and enjoy hot cups of coffee and hot coco Fall is the most beautiful time of year!

Ms. Le= I love the changing of the leaves in the fall.
