FEBRUARY 2016

## Sidney Justice Center Field Trip

On January 26th, we went to the Sidney Justice Center for our field trip this month. We first met the judge in the criminal courtroom. Judge Bidegaray is the judge in that courtroom and she wore a judge's robe. She taught us two new words like criminal, means serious problems, and civil, means less serious problems. Then we sat in the jury chairs and learned some more things about how the court system works. We got to go behind the courtroom and see five more rooms. We got to go and see the jury room, the file room and Judge Bidegaray's office. After Judge Bidegaray showed us around we got to sit in Judge Mohr's civil courtroom and watch a real case. My favorite part was when we went into the Judge's office and when we got to sit and watch the court case.

Star  
Student  
Claire

The teachers drew a popsicle stick with my name on. I am Star Student!! I got to color a person. We had family lunch. It was macaroni and cheese with hamburger meat. It was delicious! It was the best day of my life!!! And I mean it! It was

Cayla Hanson

Miss Haggard's recipe. Thanks Miss Haggard! When you are star student, you get to have your own mat in P.E. I had lots of fun! I can't wait to be star student again! Good -bye!

# Science Fair 2016

The 2016 Science Fair is going to be fun! We are learning about the scientific method to prepare. My idea for Science Fair last year was "Must it Rust". It was about which metal rusted the least and which on rusted the most. My idea for this year's Science Fair is which battery lasts the longest, a homemade battery or a store-bought one. Cayla's idea is Parallel Puzzle. It is about if you can see through things far or close. Liam's idea is a Parachute. It is about which object falls faster or slower with a parachute attached to it. I hope they will turn out well! I can't wait for the Science Fair!!!

## MLK JR. Day

We learned about Martin Luther King Jr on the 18th of January. We learned about the timeline of his life and it was fun. I created my own dream mobile

with my dreams for, my country, community, and world. We listened to his "I Have a Dream" speech. I learned so many new things about him.

Grady Swenson

## BIRTHDAYS

We had 2 birthdays in January! Well actually they were half birthdays! One was mine which we celebrated on January 13, 2016. My actual birthday is in the summer so we

celebrated close to my half birthday. My mom made nachos. They were really good! I got a velvet coloring set. I also got gummies and stamps!

The other birthday was Ms. Haggard's. Her birthday is also in the summer so we celebrated on her half birthday, January 7. We had enchiladas. They were also good! It was fun celebrating our birthdays!

## Recycling

Each month we take our recycling to ROL in Sidney, MT. We have donated more and more and would like to keep that pattern going. If

you have cardboard, plastic, paper, or newspaper that you would like to recycle please drop them off at the school towards the end of each month. We make a drop off the last week of the month!

# Scholastic Book

place an order for books. You need to use our school code: **MY2KK**. The books will be shipped to the school. From there you can either come to the school to pick up the books or email Ms. Haggard or Ms. Staffan your address and we will mail out the books to you!

Each month our students receive Scholastic's Book Orders. But you as a community can log on and order books from Scholastic as well! If you would like to order some books for home from Scholastic you can go to: [www.scholastic.com](http://www.scholastic.com) You can go in as a parent and

# Teachers Corner

We have so many different fun holidays in February that we will be learning about and celebrating!

It is Black History month so we will be learning about influential Black Americans that had an impact on our history. It is also I love to Read Month so we will be having a drawing at the end of the month for a student to win books from Scholastic. Our 100th Day of School is on February 1st and we will have our party on Friday, February 5th.

We will find out if the Groundhog sees his shadow on February 2nd. Chinese New Year is February 8th and the students will learn about the history and celebration of that holiday in China. Mardi Gras is February 9th and we will investigate the history and celebration of that American holiday. Our Valentine's party will be on February 12th since Valentine's falls on a Sunday this year!

There are so many things that we will be having fun learning about this month and the rest of the school year is going to fly by faster than we would expect!
